Celebrations in the historic wine press warehouse!

Whether special events at our winery, your private celebration such as a birthday or christening, company anniversary or seminars, there are no limits to you in our historic wine press house!

A special feature of the winery from the 1920s is the granary, which was used as a warehouse until the late 1990s. To save space, the roof is constructed in the rare Zollinger design. Instead of a roof built on the usual supporting beams, a method adopted from shipbuilding was used.

The old wine press storage room offers space for up to 100 guests in an unforgettable atmosphere.

If you decide to celebrate in our historic warehouse, this also includes a fully equipped stainless steel kitchen, women's and men's toilets and our smaller "Swallow's House" event hall.

*If you are planning a celebration on a smaller scale, our "**Schwalbenhaus**" can also be rented separately and offers an ideal setting for events up to 25 guests.*

Another highlight is our spacious inner courtyard with fountain!

As the first meeting point for a champagne reception or as a quiet place to linger, this is the ideal place and is often used, especially for celebrations in summer.

With us, you only rent our unique premises including furniture, which means you have the opportunity to determine the equipment and decoration you want yourself. We would be happy to advise you on booking a catering company, on the selection of flowers and table decorations and on the right address when it comes to event service.

Of course, we are also a competent partner when it comes to choosing a wine and will provide you with the desired S.A. Prüm wines & sparkling wine available on commission. In a wine tasting, we will be happy to put together the perfect wines with you. We charge a corkage fee for foreign wines.
